## Rotary Easter Egg Hunt this Sat., March 28<sup>th</sup>

The Augusta Rotary Club will sponsor its annual Easter Egg Hunt on Saturday, March 28 at 3:00 p.m. at the General George C. Marshall Park on Frankfort Street and the Clooney property between 2<sup>nd</sup> Street and Riverside Drive. The Easter Egg Hunt is free and open to the public.

Children 12 and under are invited to hunt and collect Easter Eggs filled with special treats. In addition, every child will receive a gift bag. Event Coordinator Dolly Plummer said the Easter Bunny is expected to make a special appearance.

Children should bring their own Easter baskets and arrive early. Mrs. Plummer said that every child should be able to find more than one egg despite the popularity of the event. “We’ll have plenty of eggs to find, and most will not be particularly well hidden.” The Easter Egg Hunt is fast-paced and eggs are quickly found.

The Easter Egg Hunt will be conducted in three stages. The first group will be for ages 3 and under at Marshall Park. Ages 4-8 will hunt in the Clooney lot behind the Old Methodist Church. The third group is for ages 9-12 and also will be in the Clooney lot. The Easter Bunny will lead the way from one location to another.

A gift table will be set up on Frankfort Street next to Marshall Park. Parking will be available across Second Street in the school parking lot. For safety, Second Street will be closed to traffic between Frankfort and Bracken Streets and Frankfort Street will be closed between Second Street and Riverside Drive.

The Easter Egg Hunt in the Park is a community activity sponsored by the Rotary Club.

## Community Easter Egg Hunt this Sunday

The Brooksville Christian Church is sponsoring an Easter Egg Hunt for the community's youth on Sunday, March 29 at the Bracken County Middle School. Registration will begin at 1:30 p.m. with the first egg hunt at 2:00. With thousand of eggs, every child is sure to have a good time hunting them.

The schedule will be as follows: 2:00 for toddlers-3 years old; 2:10 for 4-5 year olds; 2:20 for K-1st grade; 2:30 for 2nd-3rd grade; 2:40 for 4th-6th grade. A drawing for gift cards for a boy and girl in each age group will be given following each egg hunt. Every boy and girl will receive a goodie bag filled with candy and small prizes. This year will include the addition of a giant inflatable slide for the kids to play on while waiting. All of this is free. Hot dogs, hamburgers, chips, soft drinks and cookies will be available for purchase with the proceeds going to the church's community fund to help those in need in Bracken County.

## New vehicle registration system

Some time- and cost-saving changes to Kentucky’s vehicle registration system are being implemented in county clerk offices across the Commonwealth.

The vehicle registration system is changing to “print on demand” decals for license plate renewals. Instead of clerk offices having to stock booklets of pre-printed decals, the new decals are printed at the time of registration.

For the public, the most

noticeable change is that decals will no longer be color-coded by year. The new decals will have black lettering on a white background. The year and month of registration expiration will be in bold numbers, with the license plate number associated with the registered vehicle printed on the bottom. The decals are printed on the registration receipt with a special feature that allows them to be peeled off and applied to a license plate.

The registration receipt also is changing appearance.

Gone is the traditional blue and white paper. Certificates now will be on 8 1/2-inch by 11-inch white paper. Although the look is different, information on the certificate is the same.

The new decals and registration receipts are already in use in several counties, with full implementation in all 120 counties expected by the end of April. Customers with the old registration decals will keep them until they expire.

## Thoughts and Meditations from the Scriptures

### THE DIGNITY OF WORK

As the unemployment rate ticks slowly down in this country, we should be thankful. In most European countries, unemployment rates are still above 10% and in Spain it is over 25% and nearly 50% for those under 25 years of age. The ability to work and a job that matches our skills are great blessings. We all need to be useful, and when someone is deprived of this, they will almost certainly feel inadequate, or even downright useless. One thing which we can do when we are out of work, or even in our off hours after work, is to "sharpen the saw." Sharpening the saw includes honing our current skills, but it should also include broadening our range of skills, i.e. learning some new skills. Sometimes, even with all of that, we still don't find work. Perhaps in that case, we need to create our own job. Childcare or baby-sitting jobs aren't just for teenagers. And perhaps investing in a lawnmower would get you work in your neighborhood. A friend of mine who was trained as a structural engineer and recently lost her job was not too proud to go to work cleaning windows and painting in people's homes. Eventually she exemplified an important lesson. All work is dignified if it has value, and if people will pay for it, then it probably has value. So do your best to find work that matches your skill set, and remember to sharpen the saw when you can.

— Christopher Simon

All hard work brings a profit, but mere talk leads only to poverty. Proverbs 14:23.

# Ninety-eight Years of Change: One man's view on how to survive them

On March 26, 2015, a well-known Bracken County man, Glen Littleton, will celebrate his ninety-eighth birthday. Ninety-eight years brings a lot of changes in one's life and country. Everyday the morning brings dire threats from terrorists and other disgruntled peoples or often news that a great medical breakthrough has been discovered. This is not meant to be a life story or a history lesson, but a moment for reflection about how country and life events affect us. Mostly it is about how changes, both good and bad, help us grow as a nation and a people, as depicted in one man's life. Glen was born in 1917 at the foothills of the Appalachian Mountains near Morehead, KY. Since then, our country has endured and enjoyed remarkable changes through inventions, wars, and evolutionary thoughts and beliefs.

When Glen was less than two weeks old, on April 2, 1917, Woodrow Wilson asked Congress for a declaration of war on Germany. Times were hard, but survival was made easier with the help of family, so Glen's family moved from Morehead to Carter County to be near his mother's parents. Because the country was struggling, most people were having a hard time, but when Glen was only eight, his mother died suddenly. Glen's father tried to keep Glen and his three sisters with him, but reluctantly sent the girls back to Morehead to live with extended family. This was a common practice at the time, for lack of established social services that could help families in crisis. Once the crops were completed, Glen and his father rejoined the girls in Morehead.

By the time Glen was 13, the country was deep in the Great Depression. As was the custom in those days, he and his older sister worked hard helping their father with

farm chores and crops. They were young, but could work the mules or milk cows by hand, or help preserve the garden vegetables. There was little time for organized sports as children enjoy today, but they would have an occasional neighborhood ballgame in some farmer's field. On rare occasions, his family went to Morehead for a movie, but travel in the rural area was difficult because roads were not good and money was in short supply. As a teenager, he rode his mules or walked most places. He recalls his future father-in-law even taking the voting ballots from Cranston to Morehead on horseback. Some years later, he took a tobacco crop by wagon and mule, from Morehead to Maysville up Highway 32, which was still gravel at the time. Later a new president, a New Deal, and improved roads changed lots of things. Glen recalls seeing his first motorized car coming down the dirt road, making a strange noise. There were only black curtains on the side windows of the Model T Ford, making it difficult to see the driver. Glen recalls thinking it was moving by itself. He has since owned many cars from Model Ts to the now Ford

Edge.

As new laws, new governments, and new inventions made life better, Glen's family purchased land and increased farm production. But in 1939, world events again made dramatic changes as he registered for the draft in WWII. Meanwhile, Glen had married the love of his life, Sabra Blevins in 1940. They soon had their first child. Also, he was a full fledged farmer with several acres and numerous animals in his care. During this war, farmers were needed at home to keep the country fed, so Glen was low on the draft list. Hard times again had beset America and her people, but Glen was fortunate in some ways. Being scarce, gasoline and other products were purchased through a government established point system. Since Glen's farm production provided him with an ample amount of points, he was never without gasoline, but he saw many of his neighbors reduced to walking for lack of gasoline purchasing power. Glen was preparing to be drafted as the war escalated, but it soon ended with the atomic bomb.

Good planning, perseverance and a strong sense of pride

in his values always brought Glen through rough times. He never liked to take the easy way out. Giving the example of being offered a loan instead of a job during one difficult time, he declined the loan and informed the man gratefully, "I'm not asking for money, I'm asking for a job."

Time has brought many more changes, the Civil Rights movement, assassinations, black and white TV to digital, trips to the moon, invention of computers, bombing of the World Trade Center, more wars, our first black president and much, much more. Whatever the outcome of these events, they have all been life altering in some way, good or bad.

How does one survive such change? Glen attributes his long, healthy and happy survival to several things. First is his deep trust in God. "Stay focused on your own path in life and don't envy others. Don't follow the 'ways of the world' they will lead you astray. Work hard. You can't plow a field by turning it over in your mind. Be honest. You should give a fair days work for a fair days pay and be on time. This shows respect for yourself and others." He leads a regimented lifestyle, eating, sleeping, rising, working, and worshipping on a regular time schedule. He is nearly always early wherever he goes.

Glen still resides, with his dog, Sam, in his home on Perkins Ridge in Bracken County. He enjoys a healthy, active life, visiting his friends at the Senior Citizen facility, traveling to Morehead frequently to visit Sabra at the cemetery and attend the Primitive Baptist Church, where he has been a deacon for many years. Glen leads a life of noble simplicity, gracefully accepting changes and its experiences that have brought his life to the wonderful place it is today. Your past leaves an imprint.

### TRIPLE RIDGE

Seventeen members of the Triple Ridge Homemakers met on Tues., Mar. 10 at the home of Ina McCord in Brooksville. They were all anxious to see Ina's new home. Pres. Judith Richards called the meeting to order and then all enjoyed a delightful meal prepared by the hostess.

After the meal and all with full stomachs they began their meeting with the pledge to the flag. Roberta Shepherd read the inspiration on "Springtime". Just what everyone was wishing for. Margarette Carl read the thought for the month and then all answered roll call by naming a famous Irish person. Several were named and some even named their parents with last one being Sweeney. Dispensed of the minutes and Brenda Welte gave the treas. report.

Janie Appelman told of delivering a gift to Carolyn Wehling who has done so much for this club.

Discussed International Night. Each paid their fee for the event. A card was signed for Edie Flaughter who was absent and missed by all.

Pres. Richards discussed many of the county events coming up and things club members were responsible for. Items were collected for Women's Crisis Center. Edith Ulrich will deliver these.

We talked of the celebration planned for 100 yrs. of the courthouse. Council will take care of this event June 13, 2015.

Plans are being made for Community Day. Tours are being set up and displays planned. Workers are needed. Don't forget the Farmers Breakfast Mar. 25. Margarette had the program for the month which consisted of many questions and answers as Irish water for life/whiskey: Rural Route in Ireland; and

the party Shamrock. We discussed what to do on the summer outing. Ranking first place was to find a good place to eat! This is the most satisfying trip for this group.

Schedule was announced for future meetings. Hostesses with different times were: Karen Sweeney in Apr. at 1:30; Millie Bush in May at 11:30; Judith Richards in June at 12:30. June is month of Show & Tell and July we eat somewhere. Can you imagine how many in this club will remember these dates! Good thing we have Amy Fry to call us the day before to remind us about what our brain has forgotten!

There being no further business, meeting adjourned. Before leaving everyone enjoyed looking at all the quilts Ina had made.

# National Ag Day celebrated in Miss Hitt’s third grade classroom at Augusta

Remember the quote: “An Apple For The Teacher” and when we young students did take a shiny, red apple to our new teacher? Apples and the visiting of an apple orchard was the subject of the Bracken County Farm Bureau Women’s Committee members, Louise Moneyhon, Chair, Ina McCord, Co-Chair, and Betty Newman, as they visited Miss Hitt’s 3rd grade classroom at the Augusta Independent School. They were there to celebrate the 42nd National Ag Day, March 18, 2015. They were assisted by Ron Nadicksbernd, local owner/operator, with his wife, Jodi, of the Hillside Country Orchard located at 4979 AA Highway North, in Foster.

They read the American Farm Bureau Foundation for Ag Book of the Year, “The Apple Orchard Riddle” by Margaret McNamara. This educational ag book tells the story of the teacher, Mr. Tiffin, as he takes his students on a field trip to Hill’s Apple Orchard and asks them to solve this riddle, “Show me a little red house with no windows and no door, but with a star inside”. On their field trip, these students learn of the different varieties, how they are picked, how cider is made, and the operation of the apple peeler used in pies and cakes, all the while trying to solve the riddle.

Miss Hitt’s students enjoyed activities of apple characteristics of where apples are grown in the United States. Louise and Ina presented the book along with the Educator’s Guide to the school library.

Mr. Nadicksbernd explained his own operation that began in the spring of 2002 as 100 trees were then planted. Today, he

Pictured in order with Louise Moneyhon, Ina McCord, Betty Newman, and Ron Nadicksbernd, are Miss Hitt and her 3rd grade class. Members include Landen Blevins, Graison Clark, Kylan Hinson, Alex Holt, Jesse Johnson, Cullen Jones, Amy Kearns, Will Kelsch, Khloe Lippert, Mariah Niemeier, Raylee Saunders, Tyler Scott, Owen Teegarden, Noah Tharp, Joshua Tucker, Deven Wachter, Madisonn Wenz, Mariah Carpenter, and Charles Buckler.

and his wife have approximately 400 trees which bear 28 different varieties. They opened their Country Store in 2006 and currently sell crafts, gifts, local products, specialty food items, their fruits, ice cream, and a variety of snacks. Tours are also offered.

The event was in conjunction with KY Ag Literacy Week of March 15th to March 21st, 2015.

The operations and functions of the Farm Bureau Organization and of the Women’s Programs and Activities were also explained by the ladies with the help of “Freddie Farm Bureau”.

Refreshments of apple cider, apple fritters, dried apple slices from the Country Store and ice cream and bottled water were enjoyed.

Each student and Miss Hitt were given a “Gala” apple from K’s IGA in Augusta.

Reflections of love and friendship from this 3rd grade class of a former classmate, Miss Savannah Grace Hurst were shared as they remembered she, too, loved apples! “Miss Gracie” lost her courageous battle with a rare pediatric cancer on March 5, 2015.

Each student received an educational bag containing apple related materials and supplies compliments of the Bracken County Farm Bureau, Kentucky Farm Bureau Federation, American Farm Bureau Federation, Apple Products Research & Educational Council, U. S. Apple Association, Shannon Smith, Bracken County Cooperative Extension Agent

for Family & Consumer Sciences and SUDIA, the Southeast United Dairy Industry Association.

This Women’s Committee greatly appreciates, Miss Hitt, Robin Kelsch, Principal, and staff and Ron Nadicksbernd for their participation and their assistance in helping to present this ag activity and showing their citizens of tomorrow the important and necessary role of apples in our food supply and of the American Farmer for his important role of the production of this nutritious fruit which are grown in every state.

And the answer to the riddle: solved by student, Tara, as she handed the teacher, Mr. Tiffin, a round, red apple from the orchard. It was red, with no windows

and no door and she explained it was a house as she had found a tiny worm burrowing into it. And the star was found when Mr. Tiffin cut the apple in half, right across the middle exposing its five pointed star!

*Ina and Louise have dedicated this agricultural presentation in memory of Board Director, Damian Thomas Smithers, as he served as County Young Farmer Chairman, Kentucky Farm Bureau Young Farmer Committee Member and held several offices in District #9. His love and his dedication of agriculture and of young farmers, future farmers, and even youth in general were very important to him.*

Provided, however, in the event a party of this action is the successful bidder at the sale of the property by the Master Commissioner, then the said party, upon payment of the court costs and sale expenses and any liens or judgments that have been given priority herein over the lien and judgment of said successful bidder/party, shall have its bid credited against its judgment herein.

If the purchaser(s) fails to comply with the terms of the sale then, in such event, the Master Commissioner shall immediately resell the property upon the same terms and conditions as set forth herein, excepting only any necessary changes in the time and date of sale. Possession of the property herein sold shall be given to the purchaser after payment in full of the purchase price and confirmation of the sale by the Bracken Circuit Court. Pursuant to the Judgment herein, the purchaser shall be required to assume and pay all ad valorem property taxes assessed against the property for 2014 and all subsequent years thereafter. The title interest of the parties to the lawsuit will be conveyed without warranty by the Master Commissioner to the purchaser and the purchaser shall receive a deed to property upon payment of the purchase price in full (and costs of sale, if applicable) and after confirmation of the sale by Bracken Circuit Court, subject to any equity of redemption if the property does not sell for two-thirds of its appraised value.

**Science Is In Full Swing This Spring at Augusta Independent**  
*By: Chris Mason*

This has been an exciting year for middle school science students at Augusta Independent Schools. With the start of this year's new science standards, students are finding out what it is like to be real scientists as they design their own investigations, make changes to their experimental design, and develop conclusions. Some examples of student progress include: testing various beverage containers to determine ideal thermal insulating properties, constructing clocks that accurately keep time using real pendulums, analyzing food waste and the effect it can have on ecosystems, and researching how temperature and precipitation can impact wildlife in our community.

Spring is also the time of year that marks our school's annual science fair. Projects will be submitted by all students in grades 4-11 and will be judged by science professors and science students at Maysville Community and Technical College. **This year's science fair date has been set for Thursday, April 9<sup>th</sup> in the school gymnasium.** Parents, guardians, and any other visitors will be allowed to view the projects from 4 to 7 p.m. Winners will be announced on Friday, April 10<sup>th</sup>. Come join us as we celebrate the success of our students!

## It's Spring Tree Seedling Purchase, Planting Time

*Forestry employees prepare for season, available for assistance*

At this time of year the Kentucky Division of Forestry's two tree nurseries are busy packing and shipping seedlings.

The busiest months for the spring planting season are March and April. The division doesn't send seedlings after April because it gets too warm and the bare root seedlings do not survive well after they have leafed out for the summer.

Low cost seedlings and

technical assistance are provided to Kentucky land-owners who are ready to answer the inherent call to plant a small grove or reforest a whole field. You can purchase single trees for \$5 each, a bundle of 10 trees for \$30 and for bigger planting jobs there are bundles of 100 trees for \$50. The price for the single and 10-packs includes tax and delivery.

Foresters from the Kentucky Division of Forestry are available to help match the right tree species to your situation. To order your trees or request assistance, call or stop by a regional Kentucky Division of Forestry office. To find what office covers your county, go to the

KDF website, <http://forestry.ky.gov>, or call 1-800-866-0555.

To get the best selection, place your order as soon as possible and to give your seedlings the best chance of survival, plant your trees by the end of April.

# TRASH TALK

by: Mr. Recycle Bin & Ms. Pick-Up Litterbug

**606-735-9960**

Howdy Folks! Birds are chirping away this Monday morning and the sun has just risen enough to stream through the windows! Definitely a beautiful start for this day but it reminds us of the lady who said she did not clean her windows because she loved birds and did not want any of them to get hurt by flying into a too clean window! That's not happening here although we do need to do some spring cleaning! It is that time of year when we like to get rid of the winter parade of heavy coats, boots, gloves and scarves but we still have cold weather ahead so we will just enjoy the sunshine filtering through dirty windows!

Someone has been doing some spring cleaning in the Milford area and we are suffering the consequences of this noble act! Last week we retrieved 25 fruit and vegetable boxes that were not broken down. Once flattened, there was enough room for the trailer to be rotated to the weekend location and eliminating a trip to the Recycling Center. This past week we removed a commode tank, bags of baling string and several bags of cans and bottles that were picked up from a burn pile along with the ashes and debris associated with burning trash! Needless to say, that load of recycling is going to create a mess at the Recycling Center!

Burning trash in barrels or out in the open is illegal in Kentucky. Brush, trees, untreated lumber, any kind of paper and cardboard are the only items that can be legally set ablaze. Any type of plastic including Styrofoam, sheeting and containers are banned because of the toxins they release into the atmosphere when burned. There are enough cancers in our area without the aid of toxic air because of burning trash! Children and the elderly are most

susceptible to being harmed by breathing fumes created by burning plastic. Probably every one of you reading this has experienced the eye-watering, nostril-stinging and foul-smelling sensations that accompany the burning of plastic and that is our natural defenses telling us that this is not good for us! Please do not burn your trash but instead subscribe to Rumpke Trash Service. The number to call for service is 877-786-7537. Who knows? The life you save may be your own!

While we hope the severe cold is behind us, there are many homeless people in this great land of plenty who battle the elements day and night. An article on the front page of the March 23 Advertiser caught our attention as the headline read, "Bags sought to make mats for vets." Plastic grocery bags are needed by the 1,000's to create mats for homeless veterans and the Kentucky Career Center in Maysville is teaming up with the Northern Kentucky Area Development District/ Kentucky Career Center to collect plastic bags. It takes 1,000 bags to make one mat and while the first mats were distributed in Grant County, the project is intended to benefit all Kentucky homeless veterans. Judge Bush has agreed to allow us to place a box in the Courthouse for collection of plastic bags to support this project. Bags are NOT recyclable in the trailers, but can mean the difference between sleeping on the ground and on a mat when properly recycled! Hopefully, we will have the collection box established in the next couple of weeks! Someone thinking outside the box initiated this project and it is an invitation to all of us to make the world a better place by RECYCLING, REUSING and REDUCING to keep God's earth clean, green and beautiful! Be seen' you - *Bin & Bug*.

### Sales records smashed at 2015 Beef Expo

Winter Storm Thor was no match for enthusiastic buyers who shattered records at the 29th annual Kentucky Farm Bureau Beef Expo March 6-8 at the Kentucky Exposition Center.

Sales totaled \$1.39 million, breaking last year's record of \$1.14 million and crossing the \$1 million barrier for the fourth consecutive year. The 445 lots averaged \$3,127, beating out the previous record of \$2,547 in 2014.

The grand champion Angus female fetched the second-highest bid of \$11,200 from David Hobbs of Vine Grove. Seven lots sold for \$10,000 or more. The 49 Simmental lots averaged \$4,473 to lead all breeds. The Gelbvieh sale averaged \$4,394 for 28 head and the Angus sale averaged \$4,332 for 42 head.

Consignors from 18 states brought animals to the Beef Expo.

The junior show attracted 379 head, of which 154 were Kentucky animals. A youth judging contest and a trade show also took place during the Beef Expo.

**Wildcats and Cardinals: Break out the battle flags boys and girls and blow the trumpets**

*You may have to fight a battle more than once to win.*  
— Margaret Thatcher

So it is, Old Kentucky Home brethren who hitch highest hopes onto our stars – two Sweet 16 entries headed north.

Before Thursday, Kentucky’s unbeaten will be reminded five springtimes ago Bob Huggins’ underdog West Virginia outflanked (and schooled) the Wildcats and stole their Final Four berth. This week Big Blue Nation rejoins the battle at Cleveland.

Before Friday, Louisville will be reminded of a score to settle with North Carolina State. A month ago the Wolfpack exacted a 74-65 whuppin’ on the Rick Pitinos at Yum Center. This time, a neutral battle field at Syracuse.

So, button up, boys and girls, break out the battle flags, blow the trumpets and set upon their skirmish lines fiercely. Charge into them with Blue/Red state vengeance and apply a new exclamation mark on our Kentucky birth right claim anew, we are supreme at something.

Only a full-on charge into Yankees fortifications at Syracuse and in Cleveland will stir our hearts (and sell some new tee-shirts). Old scores will be settled, then push Kentucky’s rally flags through to where they belong, land of Elite Eight (for now).

Meanwhile, let’s all calm down, have lunch and consort over did you see that! moments from another NCAA weekend.

✓ Roxanne Chalifoux. Villanova’s brave and teary piccolo player.

✓ West Virginia coach Bob Huggins’ idea of living in the moment after his team sent Maryland home on Sunday was,

“John (Calipari) has a day and a half on us (to prepare for Thursday night).”

✓ Thank you card, John Calipari to Cincinnati coach Larry Davis. The Bearcats rough-house 40 (minutes) gave Kentucky a game film of what is sure to come from Mountaineers at Cleveland.

✓ Cincinnati forward Octavious Ellis got himself ejected from the Bearcats’ game against Purdue, then tried thug ball against Kentucky. A storm of ugly and racist tweets followed. But no public criticism for Cincinnati’s coach Larry Davis for not controlling his player?

✓ Louisville. Chris Who? Since Quinton Snyder showed up, Terry Rozier has never been better. Helping free up Rozier’s game (25 points, seven assists and five rebounds against Northern Iowa), Snyder had 10 points and one turnover in 36 minutes.

✓ Much praise was spent on R.J. Hunter at Georgia State, Melo Trimbo at Maryland and others. Best penetrator/pull-up guard in the field of 68, Rozier at Louisville.

✓ Seth Tuttle, Northern Iowa. Quintessential NBA-type power forward at 6-8, 240. An alpha-dog leader, where does Tuttle figure in the NBA June draft? Nowhere, in the first round 30, according to ESPN.com.

✓ NBA mock draft – Why would Mark Cuban spend a 23rd pick for Dallas Mavericks on Kentucky’s Dakari Johnson when Seth Tuttle’s name is on the board?

✓ Lost in shadow of R.J. Hunter at Georgia State ... whatever happened to Ryan Harrow (ex-Kentucky) and Kevin Ware (ex-Louisville)?

✓ For 22 years Kansas declined to add in-state rival Wichita State to its regular season schedule because “... what have we got to gain?” The two met in the NCAA in Omaha, Nebraska last week. For those old enough

to remember The Dream Game in Knoxville (1983), sound familiar?

✓ What happened to Villanova? A nervous breakdown. Nova earned a No. 1 seed by shooting 53 percent in regular season. Against NC State, the Wildcats clanked 23 of 33 2-point tries and all but four of 23 3-pointers. Familiar? In 1984 Final Four Kentucky had the same breakdown against Georgetown in Seattle.

✓ The storm is gathering over basketball and football programs at North Carolina. The University settled recently with ex-learning specialist Mary Willingham for \$335,000. She was fired after blowing the whistle on the school’s academic fraud case.

UNC still faces two lawsuits from athletes, problems with accreditation and an NCAA academic misconduct investigation. Because the fraud claim report spans 1993 to 2011 and included more than 3,100 students, roughly half athletes, coaches Dean Smith to Roy Williams are implicated.

**Comment:** The NCAA won’t dare besmirch Smith’s revered reputation and Williams will likely get a pass as well using the Calipari and Jim Boeheim precedents, i.e. “I didn’t know what was going on in my program therefore I am not responsible.”

✓ Under headline: Kentucky Is the Only Team That Matters, an internet columnist sank venomous fangs into Kentucky basketball last week. Never mind his name, among items under sub-head: Accept these 13 things about Kentucky hoops or get the hell out, are these hatefests ...

I mention them, with a comment or two, to remind us what superficial, ill-informed ignorance, packaged nicely as column-writing, looks like on the internet. To wit ...

• It’s impossible to root for John Calipari. ... John Calipari doesn’t play by the rules. ... One-and-dones are ruining college basketball.

• “But Kentucky fans are psychotic hill people.” ... “The Harrison twins are obnoxious.” ... “Kentucky is like the Yankees of college basketball.”

More ...

• “Everyone is writing articles telling me to like this team, and it’s so unbearable, and it’s only beginning. ... God, I hope they lose.” ... “It’s more fun to hate Kentucky.”

**Comment:** Fashion statements usually reserved for Duke.

Finally, my favorite from this self-righteous pup: “Adolph Rupp was an a--hole.”

Isn’t that a sweet list? And so it goes. You can reach me at bob.Watkins24@aol.com.

### NOTICE OF SALE

In obedience to a Judgment and Order of Sale entered in the above styled action, I will, as Master Commissioner of Bracken Circuit Court, proceed on

**Friday, March 27, 2015  
at  
10:00 A.M.**

### IN THE LOBBY OF THE BRACKEN COUNTY JUSTICE CENTER BROOKSVILLE, BRACKEN COUNTY, KENTUCKY

to sell the hereinafter described tract of real estate and any improvements thereon. This sale is to satisfy a Judgment and Order of Sale in favor of PENNYMAC LOAN SERVICES, LLC, against the Defendants herein in the principal amount of \$66,161.58, plus interest at the rate of 5.8750% per annum beginning January 1, 2014 until paid, together with amounts for late fees and assessments, advancements for the protection of the property, taxes and insurance, escrow advances, and reasonable attorney fees of \$1,700.00, insurance premiums and court costs incurred herein. The real estate to be sold is described as follows:

A certain house and lot on Miami Street in the City of Brooksville, Bracken County, Kentucky, bounded and described as follows, to-wit:

Bounded on the North by the Wm. Fronk residence and lot; bounded on the East by the lot of Ed Wagel; bounded on the South by the residence of Belle Fronk (now Coleman), and on the West side by Miami Street, sixty (60) feet in width by one hundred fifty three (153) feet deep.

Exception: Excepted herefrom is that parcel of land containing 13 square meters conveyed to the Commonwealth of Kentucky by deed of the Moorhead Family Trust, dated October 27, 1999, of record at Deed Book 156, Page 244, Bracken County Records.

**SOURCE OF TITLE:** Being the same property conveyed to Justin Hiles, single, and Lisa Tucker, single, from Eddie Tucker and Debbie Tucker, husband and wife, by deed dated May 20, 2008 and recorded at Deed Book 186, Page 494 of the Bracken County Clerk's records.

The property shall be sold to the highest and best bidder(s) and said purchaser shall be required to pay cash or the sum of ten percent (10%) of the bid price in cash deposit with the balance of the purchase price to be due and payable in cash or certified funds, within thirty (30) days from the date of sale. The purchaser shall be required to execute a bond, with good and sufficient surety, bearing interest at the rate of 12% per annum from the date which is thirty (30) days following the date of sale, until paid, and payable to the Master Commissioner.

The purchaser shall have the privilege of paying all or any part of the purchase price or paying said bond before maturity by paying the balance of the principal together with all accrued interest thereon. If the total purchase price is not paid in cash, the required deposit shall be applied to any expenses incurred by a default of the purchaser. Provided, however, in the event a party of this action is the successful bidder at the sale of the property by the Master Commissioner, then the said party, upon payment of the court costs and sale expenses and any liens or judgments that have been given priority herein over the lien and judgment of said successful bidder/party, shall have its bid credited against its judgment herein.

If the purchaser(s) fails to comply with the terms of the sale then, in such event, the Master Commissioner shall immediately resell the property upon the same terms and conditions as set forth herein, excepting only any necessary changes in the time and date of sale. Possession of the property herein sold shall be given to the purchaser after payment in full of the purchase price and confirmation of the sale by the Bracken Circuit Court. Pursuant to the Judgment herein, the purchaser shall be required to assume and pay all ad valorem property taxes assessed against the property for 2015 and all subsequent years thereafter. The title interest of the parties to the lawsuit will be conveyed without warranty by the Master Commissioner to the purchaser and the purchaser shall receive a deed to property upon payment of the purchase price in full (and costs of sale, if applicable) and after confirmation of the sale by Bracken Circuit Court, subject to any equity of redemption if the property does not sell for two-thirds of its appraised value.

**Public can follow journey of golden eagle originally captured in Bernheim Forest**

Researchers recently captured a golden eagle in the Bernheim Forest in Bullitt and Nelson counties and fitted it with a tracking device as part of an ongoing research project. Golden eagles are seldom seen in Kentucky.

“Bernheim Forest has a few golden eagles that come back every winter and is one of the more reliable places in the state to see golden eagles,” said Kate Heyden, avian biologist for the Kentucky Department of Fish and Wildlife Resources. “They don’t nest in Kentucky, but spend winters here. Golden eagles that winter here probably nest in Canada.”

The researchers, includ-

ing staff members of Bernheim Forest and Kentucky Fish and Wildlife, captured the adult male bird Feb. 10. Using a road-killed deer carcass as bait, the crew sat in a blind and fired a net over the golden eagle to capture it without harm. The project was funded by Bernheim Forest and the Beckham Bird Club in Louisville.

“We banded, measured, sexed and aged the bird and put a custom-fitted solar powered satellite transmitter on its back that won’t interfere with flying, hunting or breeding,” Heyden said. “We hope to track this bird for three to five years.”

The installation of the tracking device is part of a larger study of eagles in the Appalachian Mountain region. Kentucky Fish and Wildlife began surveying for golden eagles in Kentucky in 2012.

“There are more golden eagles in Kentucky than we

thought,” Heyden said. “This is the first one we’ve captured. This golden eagle is extremely healthy and one of the largest I’ve held, weighing 10 ½ pounds.”

Golden eagles typically show up in Kentucky around Thanksgiving and stay until mid-March. The recent warm winds propelled the eagle to begin migrating north March 12; by the next day, it was already near Bloomington, Indiana. As of March 16, the bird had already flown north 275 miles, along the Indiana – Illinois border just south of Chicago.

“The neat thing is we don’t know where it is going to go,” Heyden said. “We would like to see where it goes to nest. We expect this bird to migrate back to Canada.”

Those interested in following the movements of this golden eagle may visit the golden eagle page on the Bernheim Forest website at <http://bernheim.org/golden-eagle/>.

The Bracken County Track Team held their annual mattress sale this past Saturday, March 21st. The gym at Taylor Elementary was turned into a mattress showroom where community and family members could try out the different mattresses available. Because of the community’s support, the team will receive much needed funds to participate at meets, and help with accommodations when athletes qualify for the state meet.

Their next fund raiser will be held on Friday, April 10th. They will be hosting a quarter auction at the Watson Building in Brooksville. Doors will open at 6 p.m. with auction beginning at 7 p.m. Food will be available for purchase.
